Ministry Action Plan

New Territory Goals

1. Take our multi campus worship culture to the next level.

- i. Meet once a month (during this season) with all the worship teams of 12stone (all campus teams, choir, next Gen teams, etc.). The main goal here is to create one healthy identity for our team. (one team many locations, meetings will be held at each campus); so that as we continue to expand we will not dilute in power or effectiveness.
- ii. Emerging Worship leaders once a week. Building the basis of spiritual authority with young leaders and strengthening the connection to each other and 12Stone.
- iii. Fill the pipeline with more prospective worship leaders. This has always been part of my core responsibilities but now there is renewed emphasis.

Leadership Development Focus

1. Lead better through layers – getting things done through others (Katie, Tyler, Scott, Justin)
2. Keep it simple for the sake of consistency and speed... narrow vision. (Worship Team and systems leadership)
